

# iMovie for iPad project

Mr. Williams

iClass

1. You will create a movie using the iMovie app on your iPad with of 2 other partners.
2. Your presentation will focus on **ONE** of the following Boulan Park Middle School Expectations behaviors:
  - a. In all Settings
  - b. Classroom
  - c. Restroom
  - d. Office/Clinic
  - e. Cafeteria/Gym
  - f. Arrival/Departure
  - g. Bus
  - h. Hallways
  - i. Media Center/Computer Labs
  - j. Assemblies/Field Trips
3. The total length of your video must be at least 3 minutes long.
4. Your video must include ALL of the bullet points associated with each behavioral expectation on your matrix. USE TITLE OVERLAYS to clearly announce each point included in the expectation.
5. Your video must include theme or other music in an appropriate point of the movie. Adjust sound levels where necessary!
6. Your video must include at least 2 sound effects in an appropriate point of the movie.
7. Your video must include at least 5 photos in an appropriate point of the movie.
8. Your video must include some narration where appropriate.
9. Use transitions between clips and photos to enhance the video presentation.
10. When you are finished, you must save your final movie to the Camera Roll. Once you have saved, you must connect your iPad to a classroom PC and drag a copy of the final movie to the shared network folder for this class. Mr. Williams will demonstrate this procedure to you in class.

These videos may eventually be played during school wide TV broadcasts! Be sure to make your video entertaining yet clearly demonstrate the desired appropriate behaviors!
