

Internet Safety 2013

Below are three different links to four different Internet Safety Quizzes. I would like you to go to each link one at a time and take the quiz. When you receive your results take a screenshot of those results and paste them into a word document. Each quiz result should have its own screenshot. Please take the quizzes honestly and to the best of your ability.

Once you have completed the above tasks go back to your document and write a summary paragraph summarizing five to seven pieces of information about internet safety that you learned or are more aware of. Then in a bulleted format, list the top five in your opinion MOST IMPORTANT internet safety guidelines that you feel any user should follow.

Save your document in your network folder and dropbox as well. Then submit your document at turn-in in Edmodo as a pdf. File with the following title, INTERNET SAFETY-your name.

Enjoy and now you are an expert on Internet Safety.
