

Weebly Web Site Creation Project

Digital Apps 1.0

Mr. Williams

<http://students.weebly.com>

1. Login to the Weebly website provided to you on your Username and Password information sheet given in class. This is a private site that cannot be accessed without your password.
2. Create a website that describes yourself. Your focus should be on letting the visitor to your website learn about all the things that make you great!
3. Your website should have at least 10 different pages:
 - a. Page 1: Introduction, Family, School, Sports, Clubs, Work etc. Do NOT include your real phone number or address. Add a link to your favorite social bookmarking page.
 - b. Page 2: My FAVORITE THINGS (like Oprah....) “stuff “you have and like.
 - c. Page 3: Favorite MUSIC and musicians
 - d. Page 4: Favorite MOVIES and actors/actresses.
 - e. Page 5: Favorite PLACES that you have been to or dream of going to in the future.
 - f. Page 6: Favorite WEBSITES (at least 6) that you use frequently with links to them and short descriptions with photos.
 - g. Pages 7-10 are OPEN to whatever additional information you would like to add – BE CREATIVE!
4. You must have embedded videos on at least 3 of the pages. Use YOUTUBE from a home computer to do this. Click the Share button and copy the embed code to your page. Make sure you use the CUSTOM HTML object to do this.
5. You must have columns on at least 2 pages
6. You must have at least 4 pictures on every page of your site but you may have more.
7. You must have buttons on at least 3 of your pages which link to either other website or other pages in your site.
8. You must have at least 1 Paragraph with Title and 1 Paragraph on every slide. Make your information as detailed as possible.
9. Use TITLES on every page to highlight what is going on ON that page.
